Subject: MCE West Lake Community Meeting tonight

Also, note the paragraph below that MCE will no longer be involved in offsite sampling.

Next community meeting: Thursday, May 8th - PANEL DISCUSSION - 7 - 8:30 pm
8400 Delport Dr, Overland, MO 63114

The latest from MCE, APRIL 28, 2014:

MCE is no longer involved in offsite sampling around the West Lake Landfill due to recent events, including the donation of a state-of-the-art portable radioactive laboratory to Just Moms STL. We are hopeful that the community's testing will elevate their concerns to the appropriate agencies and elected officials. We will continue our efforts to get jurisdiction of the landfill transferred to the St. Louis Army Corps of Engineers by our federally elected officials.

Curtis Carey
